Bold from the start with a cool attitude, Sanborn 405 comes from a powerhouse maternal line, the LASA Lana cow family. Sired by Resource 137E, this dark cherry red bull brings muscle to the table with his solid rib and stout hip. He's been in the show ring and has done some winning with multiple division and grand champion titles under his belt already. Don't miss out on the chance to add his genetics to your herd and add some serious muscle and shape to your calves.
